YOU ARE 

GK IS COMMITTED TO PROVIDING UNSURPASSED FIT, PREMIUM QUALITY CONSTRUCTION, AND INNOVATIVE DESIGNS TO GYMNASTS OF ALL AGES AND LEVELS. WITH NEW STYLES, NEW FABRICS, NEW EMBELLISHMENTS, AND MORE, GK CAN OUTFIT YOUR TEAM IN UNIQUE GYMNASTICS APPAREL THAT ALLOWS THEM TO COMPETE AND TRAIN AT THE HIGHEST LEVEL.

## BY CHOOSING GK, OUR CUSTOMERS CAN EXPECT:

---

### INNOVATIVE DESIGNS

With fashion forward designs, on-trend color options, premium fabrics and embellishment options, GK apparel will always stand out on the competition floor.

### UNSURPASSED FIT

With 4-way stretch fabrics and a proprietary fit formula, GK delivers leotards and apparel that perform with the athlete.

### PREMIUM QUALITY CONSTRUCTION

GK ensures leotards are made to meet the highest quality standards. With quality assurance checks at each step in the construction process, GK ensure each garment is produced with care and meets, or exceeds, all quality standards.

### ONE-ON-ONE DESIGN SERVICES

GK has a team of Sales Representatives that are ready to outfit your team in the world's best fitting leotards and apparel. From In Stock, to Special Order, or even Custom designs, our knowledgeable Sales Team is here to assist you in the process.

### TRUSTED BY CHAMPIONS

GK is trusted by the world's most elite level athletes! Simone Biles, Laurie Hernandez, Katelyn Ohashi, Sam Mikulak, and Yul Moldauer all trust GK, and only GK, as their official leotard and apparel supplier.

# Embellishments & Fabrics

OPTIONS, INFORMATION, FABRICS,  
EMBELLISHMENTS & MORE

Once you've found a style you like, the real fun begins! With the most expansive selection of fabrics and embellishments in the industry, GK has the colors and the options you want.

## SWAROVSKI CRYSTALS

The famous sparkle of Swarovski® crystal has been a special part of GK designs since 1994. GK's mission to be “the athlete's first choice”, combined with Swarovski's goal of adding sparkle to people's everyday lives, aims to make every athlete a winner. GK leotards adorned with Swarovski crystals give you the edge to outshine the competition.

- **INTRICATE** and **MULTILAYERED** cut for unmatched sparkle like a diamond.
- **4X THE FACETS** of a standard crystal with **2.5X THE BRILLIANCE**.
- **10X MORE EFFECTIVE** hotfix glue to keep your stones in place.
- Rigorously tested and **COMPLETELY RELIABLE**.

NO SET UP FEES! Create custom jeweled accents using Swarovski® crystals. We offer 23 Swarovski® crystals colors.

GK uses Swarovski crystals, the world's most premium crystal manufacturer, exclusively. Their patented precision cut crystals with platinum foiling creates unmatched brilliance in the gymnastics industry. Austrian made, Swarovski® crystals can be added to your apparel for maximum sparkle.

### SHAPED CRYSTALS

Available in 001 brilliance and 010 clear only.

GK is committed to providing the very best sublimation processes in the industry. We work with our fabric vendors and sublimation ink suppliers to continually improve the outcome of our sublimated garments. These improvements may affect the sublimated colors on reorders, as we continue to advance our sublimation techniques. Due to the nature of the sublimation process, GK will match the color on reorders to the best of our ability, but cannot guarantee a perfect match. Please be mindful that wear and washing throughout the season will affect the color saturation in your garment. Reorders will be processed based off the artwork and colors used in the original production order, and may not match the garments already in use.

## SIZING INSTRUCTIONS

At GK, years of pattern development have taught us that the most accurate way to ensure proper fit is to rely on body measurements. An individual’s perception of fit may vary greatly; however, the GK Fit is scientifically engineered to move with the athlete for optimal performance. Measuring athletes takes the guess work out of selecting their size. It is quick, easy, reliable, and helps to achieve a similar fit for all team members.

The fit and feel of a garment will vary significantly based on the fabric type and embellishments used on the garment. Heavy embellishments and appliques reduce the stretch so the sizing sample may not fit or feel like the garment ordered for the team. To continue to provide the “GK fit” we use our size charts when ordering garments.

The following size charts have been thoroughly evaluated to ensure that taking accurate athlete measurements will result in the correct size being ordered. To select the correct size, reference the appropriate GK size chart for the style being ordered to determine which size best corresponds to the athlete’s measurements. When an athlete’s measurement contains a partial inch, always round up to the next full inch. If an athlete’s measurements fall across two sizes, order the larger size.

\* Long and Short torso options available for an additional cost  
\*\* Select styles are offered in CXXS

## SIZE CHARTS

### How To Measure

The goal of measuring is to determine the correct size to order for each athlete. Accurate measurements are vital to the proper fit of your athlete’s apparel. Please make sure that all athletes are wearing fitted workout apparel during the measuring session.

- CHEST MEASUREMENT:** Measure the chest of the athlete while their arms are down at their sides and at the fullest part of the chest. Your measuring tape should always be parallel to the floor while taking the measurement.
- WAIST MEASUREMENT:** When measuring the waist, wrap the tape at the natural waistline which is the narrowest part of the waist. If you are having trouble locating the natural waist, have the athlete bend to the side. The natural waist is where the body bends. Again, the measuring tape should always be parallel to the floor while taking the measurement.
- HIP MEASUREMENT:** Take the hip measurement at the fullest part of the buttocks with the athlete’s feet together. Ensure that the tape measure is parallel to the floor.
- TORSO MEASUREMENT:** Take the torso measurement from the center of the shoulder, down the torso, through legs, and back to the shoulder. This is the most important measurement.
- INSEAM MEASUREMENT:** The length of the leg from the crotch to one inch above the floor. Measure the athlete without shoes.

## FABRIC OPTIONS AND COLORS

GK offers fabrics that are produced to meet our exclusive stretch and quality standards.

GK takes tremendous pride in having the best fabrics in the industry. As the leader in performance apparel, it's important for us to advise you of the tendencies of certain fabrics, as well as practices to avoid.

**OUR FABRICS CAN BE GROUPED INTO TWO CATEGORIES:**

1. Long wearing, durable fabrics include: Nylon/Spandex, DryTech, Techmesh, Superior Velvet, and Primtex. Note that DryTech may shrink when heat is applied. spanglez™ cannot be applied to Superior Velvet.
2. Fragile fabrics require extra special care and include Hologram, Mesh, Mesh Foil, Jacquard Mesh and Nylon/Spandex with Foil (Mystique). Note that certain high fashion fabrics are more susceptible to wear and fading than the traditional long wearing, durable fabrics. Hologram and Nylon/Spandex with Foil (Mystique) fabrics will dull slightly in jeweled areas due to heat application. spanglez™ cannot be applied to mesh.

**FRAGILE FABRICS NEED EXTRA SPECIAL CARE:**

1. Repeated wear and washing may cause the fabrics to fade or lose foil.
2. Alcohol in all aerosol products, such as hairspray, affect these fabrics. Please cover garment before applying. Perfumes and body lotions can also affect fragile fabrics.

3. Deodorants and perspiration may cause these fabrics to color bleed, fade or lose foil, especially when the two colors meet under the arms. We recommend the use of a pure crystal deodorant which does not contain Aluminum Chlorohydrate.
4. Mesh could potentially be damaged due to the rigors of certain routines, where person to person contact can add stress to the fabric. You are free to order this fabric, but do so with great discretion because Elite Sportswear, L.P. will not guarantee the life span of this fabric. If you choose to use mesh in a design, you will be asked to sign a waiver. The waiver states that Elite Sportswear, L.P. will not be responsible for replacing or repairing your garment(s).
5. Color transference or color bleed occurs when a white or light color fabric is combined with a bright or dark color fabric. This is a common industry problem and can become more obvious under certain conditions, especially when a light color garment is worn under a dark color warm up or short and/or when damp garments are left in gym bags. It is impossible for Elite Sportswear, L.P. to guarantee that our fabrics will not bleed, even by following proper washing instructions, due to the individual nature of each athlete's wear/washing procedure. The following is a list of fabrics that may be at greater risk for color bleed, when combined with white or light color fabrics: Berry Mystique, Black Mystique, Navy Mystique, Red Mystique, and Merlot Mystique. You are free to order any fabric and color combination, but please do so with great discretion. If you choose to combine light and dark colors, Elite Sportswear, L.P. will not be responsible for replacing your garment(s) if color bleed occurs.

6. Fabric softeners negatively affect the adhesives used in our garments, causing the foil on our fabrics to discolor and the embellishments to fall off.

**IMPORTANT WASHING INSTRUCTIONS FOR ALL FABRICS:**

Garment(s) must be washed separately. Turn garment inside out. Using a mild liquid detergent, gently hand wash in a large volume of cold water. Rinse immediately, DO NOT allow garment to soak. Pat dry with a clean towel and use a thick plastic hanger to air dry. DO NOT use fabric softeners. Fabric softeners negatively affect the adhesives used in our garments, causing the foil on our fabrics to discolor and the embellishments to fall off. DO NOT dry clean. Dry cleaning uses harsh chemicals that can damage the fabric finishes and embellishments used in our garments. DO NOT iron. The heat from an iron can melt and/or discolor the delicate fabrics in our garments. Excessive heat can also weaken the adhesives used to attach the embellishments to the garment and cause them to fall off. DO NOT BLEACH.

**PLEASE NOTE:** The printed color chart on this page and on the website, may not be an exact match to actual fabric colors. In addition, the same color name in two different fabrics may not be an exact color match. If 100% color match is needed, please call to request fabric swatches before placing your order. They're FREE! Limit 20 free swatches per business/club. For each swatch thereafter, you will incur a small charge. Fabric swatches are available online at [www.gkelite.com](http://www.gkelite.com).
