

2022 WOMEN'S
COMPETITIVE
& IN STOCK

The sport of gymnastics, the athlete, and the team are ever-changing. Through evolving attitudes, changing outlooks, and powerful transformations, individual and collective journeys are created. As growth occurs both inside and outside the gym, GK is here to support goals, challenges, and victories.

EMBRACE THE JOURNEY.

EMBRACE THE EVOLUTION.

EMBRACE.

EMBRACE.

WOMEN'S COMPETITIVE + IN STOCK

As the worldwide leader in gymnastics apparel, and trusted by top athletes globally, GK embraces every aspect of the sport of gymnastics. From the athletes to the coaches, to the team, we truly understand the sport and what it takes for an athlete to perform at their best. That's why you are at the forefront of everything we do.

Your competitive apparel journey starts here. GK creates these incredible leotards and apparel pieces with you in mind, and there are infinite possibilities® in outfitting your team. With guidance from a dedicated GK Sales Representative, we can tailor competitive gear so it is unique to your program. Nothing is impossible with our wide selection of Special Order, Custom, and Stock design options.

And while our designs are evolving, you can always count on the iconic GK fit. We hold every vendor and selected fabrics and embellishments to the highest standards to ensure our leotards and apparel fit just right. Paired with unsurpassed, hand-made construction and quality, be assured your GK garments will look, feel, and fit the best.

EMBRACE THE AWAKENING

These past few years have left all of us in a state of escapism where we found and embraced new versions of the world and of ourselves. This collection, Conscious Awakening, represents that return to the world; the overlapping of “old” and “new” life and what it means to stand out again. Through use of unique design features like fabric dying, overlaying of fabrics, and intense binding and trim, we have woven feelings of a new tomorrow and better selves into intricate and exquisite leotards.

SUBLIMATION

LEOTARDS & WARM-UPS

Sublimation, or the process of printing directly on fabric, offers you the ability to create truly unique and different leotards and warm-ups for your team. With three different sublimation options – Engineered, Primatex, and Custom – GK can craft the apparel of your team's dreams.

NEW! CUSTOM SUBLIMATION
WITH CRISS-CROSS BACK

ENGINEERED SUBLIMATION

Through the GK Engineered Sublimation program, creating your team look is easy!

Contact your GK Sales Representative today to get started on your design.

EMBELLISHMENTS & FABRICS

OPTIONS, INFORMATION, FABRICS, EMBELLISHMENTS & MORE

Once you've found a style you like, the real fun begins! With the most expansive selection of fabrics and embellishments in the industry, GK has the colors and the options you want.

CRYSTALS EMBELLISHMENTS

GK offers a large assortment of crystal embellishment options. With two crystal options - Premium and Standard – your apparel designs can sparkle and shine all while fitting within your budget!

PREMIUM CRYSTALS

The GK Premium Crystal collection features authentic crystals giving your apparel the best and brightest sparkle on the mat. With an intricate and multilayered cut, which creates a diamond-like sparkle, Premium crystals have 4x the facets of a Standard crystal with 2.5x the brilliance. Premium crystals are incredibly durable featuring 10x more hotfix glue than competitor crystals to keep your stones in place. Premium crystals are scratch, bubble and chip free.

Since 1994, crystals have adorned GK leotards and apparel and offer the best brilliance and sparkle under the competition lights. Outshine the competition with Premium crystals.

STANDARD CRYSTALS

GK is excited to offer a new crystal collection this year. The GK Standard Crystal collection offers high-quality crystals at an affordable price. Featuring crystals made in Austria, these perfectly geometric crystals are consistent in color and size. Standard crystals are also resistant to environmental influences, feature strong hotfix glue, and have a high wash resistance which keeps your apparel intact and beautiful all season long.

Premium and Standard Crystals are offered in the following sizes.

GK is committed to providing the very best sublimation processes in the industry.

We work with our fabric vendors and sublimation ink suppliers to continually improve the outcome of our sublimated garments. These improvements may affect the sublimated colors on reorders, as we continue to advance our sublimation techniques. Due to the nature of the sublimation process, GK will match the color on reorders to the best of our ability, but cannot guarantee a perfect match. Please be mindful that wear and washing throughout the season will affect the color saturation in your garment. Reorders will be processed based off the artwork and colors used in the original production order, and may not match the garments already in use.

PRIMATEX SUBLIMATION

PRIMATEX SUBLIMATION IS AVAILABLE IN 15 BASE COLORS. SELECT YOUR STYLE AND YOUR PRINT, THEN CHOOSE A BASE LAYER AND COORDINATING PRINT COLOR TO COMPLETE YOUR DESIGN.

SIZING INSTRUCTIONS

At GK, years of pattern development have taught us that the most accurate way to ensure proper fit is to rely on body measurements. An individual’s perception of fit may vary greatly; however, the GK Fit is scientifically engineered to move with the athlete for optimal performance. Measuring athletes takes the guess work out of selecting their size. It is quick, easy, reliable, and helps to achieve a similar fit for all team members.

The fit and feel of a garment will vary significantly based on the fabric type and embellishments used on the garment. Heavy embellishments and appliques reduce the stretch so the sizing sample may not fit or feel like the garment ordered for the team. To continue to provide the “GK fit” we use our size charts when ordering garments.

The following size charts have been thoroughly evaluated to ensure that taking accurate athlete measurements will result in the correct size being ordered. To select the correct size, reference the appropriate GK size chart for the style being ordered to determine which size best corresponds to the athlete’s measurements. When an athlete’s measurement contains a partial inch, always round up to the next full inch. If an athlete’s measurements fall across two sizes, order the larger size.

* Long and Short torso options available for an additional cost
** Select styles are offered in CXXS

SIZE CHARTS

How To Measure

The goal of measuring is to determine the correct size to order for each athlete. Accurate measurements are vital to the proper fit of your athlete’s apparel. Please make sure that all athletes are wearing fitted workout apparel during the measuring session.

- 1. CHEST MEASUREMENT:** Measure the chest of the athlete while their arms are down at their sides and at the fullest part of the chest. Your measuring tape should always be parallel to the floor while taking the measurement.
- 2. WAIST MEASUREMENT:** When measuring the waist, wrap the tape at the natural waistline which is the narrowest part of the waist. If you are having trouble locating the natural waist, have the athlete bend to the side. The natural waist is where the body bends. Again, the measuring tape should always be parallel to the floor while taking the measurement.
- 3. HIP MEASUREMENT:** Take the hip measurement at the fullest part of the buttocks with the athlete’s feet together. Ensure that the tape measure is parallel to the floor.
- 4. TORSO MEASUREMENT:** Take the torso measurement from the center of the shoulder, down the torso, through legs, and back to the shoulder. This is the most important measurement.
- 5. INSEAM MEASUREMENT:** The length of the leg from the crotch to one inch above the floor. Measure the athlete without shoes.

LENGTH OF PALM
To size your hand for GK32 measure from the base of the palm of the hand to the base of the middle finger.

FABRIC OPTIONS AND COLORS

GK offers fabrics that are produced to meet our exclusive stretch and quality standards. GK takes tremendous pride in having the best fabrics in the industry. As the leader in performance apparel, it's important for us to advise you of the tendencies of certain fabrics, as well as practices to avoid.

OUR FABRICS CAN BE GROUPED INTO TWO CATEGORIES:

1. Long wearing, durable fabrics include: Nylon/Spandex, DryTech, Techmesh, Superior Velvet, and Primatex. Note that DryTech may shrink when heat is applied. spanglez™ cannot be applied to Superior Velvet.
2. Fragile fabrics require extra special care and include Hologram, Mesh, Mesh Foil, Novelty Mesh and Nylon/Spandex with Foil (Mystique). Note that certain high fashion fabrics are more susceptible to wear and fading than the traditional long wearing, durable fabrics. Hologram and Nylon/Spandex with Foil (Mystique) fabrics will dull slightly in jeweled areas due to heat application. spanglez™ cannot be applied to Mesh, Mesh Foil or Novelty Mesh.

FRAGILE FABRICS NEED EXTRA SPECIAL CARE:

1. Repeated wear and washing may cause the fabrics to fade or lose foil.
2. Alcohol in all aerosol products, such as hairspray, affect these fabrics. Please cover garment before applying. Perfumes and body lotions can also affect fragile fabrics.

3. Deodorants and perspiration may cause these fabrics to color bleed, fade or lose foil, especially when the two colors meet under the arms. We recommend the use of a pure crystal deodorant which does not contain Aluminum Chlorohydrate.
4. All Mesh may potentially be damaged due to the rigors of certain routines, where person to person contact can add stress to the fabric. You are free to order this fabric, but do so with great discretion because Elite Sportswear, L.P. will not guarantee the life span of this fabric. If you choose to use mesh in a design, you will be asked to sign a waiver. The waiver states that Elite Sportswear, L.P. will not be responsible for replacing or repairing your garment(s).
5. Color transference or color bleed occurs when a white or light color fabric is combined with a bright or dark color fabric. This is a common industry problem and can become more obvious under certain conditions, especially when a light color garment is worn under a dark color warm up or short and/or when damp garments are left in gym bags. It is impossible for Elite Sportswear, L.P. to guarantee that our fabrics will not bleed, even by following proper washing instructions, due to the individual nature of each athlete's wear/washing procedure. The following is a list of fabrics that may be at greater risk for color bleed, when combined with white or light color fabrics: Berry Mystique, Black Mystique, Navy Mystique, Red Mystique, and Merlot Mystique. You are free to order any fabric and color combination, but please do so with great discretion. If you choose to combine light and dark colors, Elite Sportswear, L.P. will not be responsible for replacing your garment(s) if color bleed occurs.

6. Fabric softeners negatively affect the adhesives used in our garments, causing the foil on our fabrics to discolor and the embellishments to fall off.

IMPORTANT WASHING INSTRUCTIONS FOR ALL FABRICS:

Garment(s) must be washed separately. Turn garment inside out. Using a mild liquid detergent, gently hand wash in a large volume of cold water. Rinse immediately, DO NOT allow garment to soak. Pat dry with a clean towel and use a thick plastic hanger to air dry. DO NOT use fabric softeners. Fabric softeners negatively affect the adhesives used in our garments, causing the foil on our fabrics to discolor and the embellishments to fall off. DO NOT dry clean. Dry cleaning uses harsh chemicals that can damage the fabric finishes and embellishments used in our garments. DO NOT iron. The heat from an iron can melt and/or discolor the delicate fabrics in our garments. Excessive heat can also weaken the adhesives used to attach the embellishments to the garment and cause them to fall off. DO NOT BLEACH.

PLEASE NOTE: The printed color chart on this page and on the website, may not be an exact match to actual fabric colors. In addition, the same color name in two different fabrics may not be an exact color match. If 100% color match is needed, please call to request fabric swatches before placing your order. They're FREE! Limit 20 free swatches per business/club. For each swatch thereafter, you will incur a small charge. Fabric swatches are available online at www.gkelite.com.
